FAO The Headmaster/mistress

Dear Sir/Madam,

Gender Identity, Gender Expression and Sex Characteristics Act
Implementation;

We would like to point out our grave concern regarding what is presently being taught in states schools without our previous consultation or consent.

Our children are already being taught acceptance, love and human dignity and to encompasses all both at home and through other acceptable means.

The LGBTIQ Action plan 2015-2017, however, seeks to *impose* a cross sectional gender indoctrination of all segments of the population including school children.

Absolutely nobody has any right to indoctrinate young children in the false sense of equality or otherwise.

We **do not** want our children to be taught the details of three (or more) types of sex nor passing all three (or more) as the norm because they are not the same.

Books which can confuse children are not acceptable, neither is early sexualisation of our children.

This is all in direct violation of the Human Rights of the parents which guarantees their right to educate their children according to their conscience and beliefs.

- The Universal Declaration of Human Rights Article 26. (3) states that:
“ Parents have a **prior right** to choose the kind of education that shall be given to their children”.

- Furthermore, in the European Convention on Human Rights Convention for the Protection of Human Rights and Fundamental Freedoms, Protocol Article 2 on the Right to education, states:

“No person shall be denied the right to education. In the exercise of **any functions** which it assumes **in relation to education and to teaching**, the State shall **respect the right of parents** to **ensure** such education and teaching in conformity with **their own religious** and **philosophical convictions**.”

We, the parents are within our rights not to accept such teaching which we deem as harmful and we strongly reject it.

This harmful and unacceptable indoctrination must therefore cease with immediate effect and in no way be imposed on our children. We therefore wish you to assure us and confirm in writing that such teaching will not carry on any more.

We wish to inform you that we have rights as parents and we mean to exercise those rights to protect our children.
